Monday 4th January 2021

Dear Families,

RE: Remote Learning Provision Nursery January 2021

As Redbridge Primary will be closed until the 18th January, except for those children whose parents are key workers, we have outlined below the remote learning provision for the next two weeks. We have made some amendments to our previous offer.

Our remote learning provision will be comprised of a combination of pre-recorded instructional videos, and activities ideas set for children to complete with their families. In addition to this, Mr Davies will be recording daily stories for the children.

Google classroom will be the platform that the school uses with each class having its own 'classroom' set up. Class teachers will also have a dedicated email account linked to their own school account which families in their class will have access to.

In the event that class teacher is unable to deliver their live sessions, arrangements have been made for a member of staff to ensure that these sessions are led by another member of the team.

We have included a brief outline of what the remote learning will look below. Parents may submit any questions or queries they may have on the 'Stream' feature on Google Classroom for the teacher to answer. Alternatively, parents can also use their online profile (primary essence) to upload photographs, videos and observations about home learning.

Although remote learning is not a statutory requirement for children under the age of five, we are providing a selection of learning videos and please note it is not compulsory for the children to engage. All children will be supported to catch up on any missed learning once they return to school.

Timetable for Remote Learning

Table with 5 columns (Day 1 to Day 5) and 2 rows of content. Each cell describes the remote learning provision for that day, including pre-recorded videos, instructional materials, and stories.

RED

Please stay safe in these difficult times, and we hope to see our whole school community very soon.

Best wishes,

Steve Davies
