

Redbridge Primary School

Home Learning Topic Overview

Starting from this week, we have launched our whole school (Nursery to Year 6) weekly themed topics.

We hope this will help us begin to reconnect as a school community as well as help to support our families who have children from different year groups who can all complete this themed learning together. 'Fantastic Finish Fridays' will take place at the end of each week with a suggested challenge for all children to participate in should they wish. We would love to see any photos or videos of anyone who joins in the challenge. Any photos sent in will be shared on the school website as a collage for all to see.

Work, photos or videos can be sent to admin.redbridgeprimary@redbridge.gov.uk

Theme	Week Beginning	'Fantastic Finish Fridays' Suggestions
Superheroes 	1 st June 2020	Use whatever materials you can find in your house to create a superhero costume. Perhaps design a mask for yourself. What is your superhero name and what are your superhero powers?
Water Week 	8 th June 2020	Create a water themed piece of art work. You can be as creative as you like and use any materials you wish e.g. collage, paint, computer technology etc.
Monsters and Aliens 	15 th June 2020	Design a monster or an alien and create a model or draw a picture of the planet/habitat that they live in.
London 	22 nd June 2020	Imagine that Mayor Sadiq Khan has commissioned you to design a new building to be constructed along the bank of the River Thames. Draw or make a model of your building and explain how it will be used.
Music 	29 th June 2020	Compose your own song- see if you can find an audience to perform to (either someone in your house or over video calling) Can you make a music video to go along with your composition?

Don't forget you can also come and decorate our 'Community Learning Wall' with your lovely work situated on the front of school metal fencing! Bring your work and tie it to the fence for everyone to see!
